Some books to share:

Kenya

Kenya is a country in Africa. Animals that live in Kenya include African elephants, lions, zebras and hippopotamus.

United Kingdom

Animals such as squirrels, hedgehogs, foxes and badgers live in the United Kingdom as they are more suited to the climate.

Activities to do at home:

Watch Andy's Adventures on CBeebies.

Make a pair of binoculars and go bird spotting.

Go on a bug hunt in your garden and draw a picture of what you find.

Make a minibeast hotel for your garden.

Paint a picture of your favourite animal.
