Which of these types of transport have you used?

Where do you travel to in your local area?

Important Words -

transport – moving people or things from one place to another.

vehicle – something that moves people and things e.g. car.

country – an area of land with its own rules and leaders. E.g. England is a country.

abroad – going outside the United Kingdom

jog – running at a slow pace.

environmentally friendly – living in a way which doesn't impact the area where we live in.

journey – a long trip from one place to another place.

Different ways to travel

People can also travel on foot by walking, jogging or running.

Travelling on foot (e.g. walking) or by bicycle is the most **environmentally friendly** way to travel.

People will need to use other kinds of transport to travel longer distances to places that are far away. This might be on a plane, train or boat.

Journeys

London

London is the capital city of England, which is the country we live in. In London people travel on bikes, trains, buses and cars.

London Underground

Travelling by tube involves going on a **train** which travels on lines of **tracks underground**. Many **people** travel using **public transport** because it is cheaper, quicker and more reliable.

Bangladesh

Bangladesh is a country in the continent of Asia. The climate is hot and wet. A lot of people live in Bangladesh.

Travel in Bangladesh

- For most of the people in Bangladesh **walking** is their main way of getting about.
- The roads are bad in Bangladesh. In cities like Dhaka some people have cars. In the countryside few people have cars because they are expensive and people don't have much money
- People can travel using **rickshaws**. They are very cheap to travel in and because the **land** is flat it is easy for the **riders** to **pedal** them. Rickshaws are very colourful.

- Travelling by boat and train is popular but very busy!
